#ICCR17

IMPORTANT DATES

Abstract submission deadline:

15 February 2017

Early bird registration deadline:

2 April 2017

OBJECTIVES

- To better understand the pathophysiology of cardiometabolic diseases
- To review large cardiometabolic imaging studies showing links between ectopic fat and cardiometabolic risk outcomes
- To recognise health complications associated with excess visceral adiposity/ectopic fat
- To discuss how to assess and manage cardiometabolic risk in clinical practice with a focus on lifestyle
- To understand how population-based approaches may contribute to improve cardiometabolic health

PROGRAM COMMITTEE

André Carpentier, *Canada*
Jean-Claude Coubard, *France*
Jean-Pierre Després, *Canada*
Michel Doré, *Canada*
Maria Cecilia Gallani, *Canada*
Frank B. Hu, *USA*

Benoît Lamarche, *Canada*
Peter Libby, *USA*
André Marette, *Canada*
Paul Poirier, *Canada*
André Tchernof, *Canada*

SPEAKERS

Benoît Arsenault, *Canada*
Steven N. Blair, *USA*
André Carpentier, *Canada*
Renée de Mutsert, *the Netherlands*
Jean-Pierre Després, *Canada*
Martine Duclos, *France*
Vincent Fradet, *Canada*
Séphane N. Hatem, *France*
Frank B. Hu, *USA*
