

Proposal for an announcement

Preamble

The Quebec Network on Nursing Intervention Research (RRISIQ) allows its regular, partner, and student members to submit an announcement to be shared within the larger community of this research network.

RRISIQ members can therefore submit announcements related to job offers, funding opportunities, upcoming conferences or workshops, call for proposals, or the search for collaborators or partners. By allowing its members to submit an announcement, RRISIQ wishes to encourage collaboration and the promotion of opportunities.

Eligibility

For a proposed announcement to be considered eligible, it must:

- Be submitted by a regular, partner, or student member of RRISIQ;
- Be written in French (submission in both English and French is also encouraged);
- Be of interest to regular, partners, or student members of RRISIQ;
- Be clear, concise, and provide all relevant information;
- Relate to the offer of a job, an internship, a funding opportunity, an upcoming scientific or training activity, a call for proposals, or the search for collaborators or partners. Announcements on other subjects may be exceptionally accepted if they are of interest to RRISIQ members.

RRISIQ reserves the right to refuse proposed announcements deemed irrelevant to the network's members, discriminatory, defamatory, inappropriate, or purely commercial.
